Yoga & Meditation

Serendip Yoga brings you experienced, practiced teachers, trained in the art of Yoga and Meditation.

We offer both private and group classes to suit individual needs by choosing the type of yoga you like to practice, at a time that best suits the lifestyle of you, your friends or colleagues. Classes are designed for first-timers to more seasoned yoga students.

Private Classes (for 1-2 persons)

The most significant benefit private yoga offers is the opportunity to adapt the practice to your needs. Whether you are completely new to yoga, are a seasoned practitioner, or you would like to have ideas and tips after an illness or injury, or simply find a group class intimidating, our teachers will work with you for a tailor-made practice adapted to you.

Feel free to drop in and leave the day's stress and worry at the door, well-being awaits within. We recommend you to check the weekly updated schedule before joining us.

The more you practice, the less you pay.

All our classes (except of special events and workshops) are drop-in or bookable online. You can either pay as you go, buy class passes or monthly unlimited classes.
